Please duplicate this form as needed! There is no limit on the number of extracurricular activities that may be listed and submitted with each application!

Coach MUST attach a letter describing the candidate's overall attitude, leadership, dedication, sportsmanship, and peer respect. **Specific examples** should be included, whenever possible. Any extenuating or extraordinary circumstances surrounding the candidate's background may also be described. If possible, include the candidate's current college plans.

ALSO, submit the above letter in a SANITIZED VERSION. Delete all specific proper names of schools, conferences, leagues, counties, outside swim clubs, etc.

This form must be submitted with your transcript, which must include the first semester grades for the senior year, **treated as a full year**. The GPA is determined using the CORE SUBJECTS ONLY! The core subjects are 1) Science, 2) Mathematics, 3) Social Studies, 4) English, and 5) Foreign Language.

Use the NISCA point/weighting scale:

Semester regular system in awarding points for: A-4, B-3, C-2, and D-1
Semester advanced, accelerated, honors, AP: A-4.5, B-3.5, C-2.5, and D-1.5

In this system, each course would earn .5 credits.

If full year courses are recorded on the transcript, the values of the grades are as follows:

Full year course regular system in awarding points for: A-8, B-6, C-4, and D-2
Full year course advanced, accelerated, honors, AP: A-9, B-7, C-5, and D-3

In this system each course would earn 1.0 credits.

Please highlight advanced, accelerated, honors, and AP courses. They are weighted. Numerical grades must be converted to the school's equivalent letter grades. No greater or lesser value is received for + or -. Courses taken in the 8th grade do not apply.

You must place the point value beside the grade of the core subjects on the transcript. To determine the GPA, add the total number of points earned in the core subjects and divide by the total number of courses taken. Each .5 credits counts as 1 course. A full credit course counts as 2 courses.
