

Star Trek: The Movie (2009)

Name _____ Class _____

An introduction to the space sci-fi universe about our future space exploration, using real theoretical technology and ET ideas

1) Throughout your viewing, write brief phrases here that list the topics from PlanEx that appear in the science, proposed technology, ET speculation and future space exploration included in the Star Trek universe.

2) Hardcore "Trekkies" were disturbed by the way this movie introduced the original series' crew that has to do with quantum mechanics' "Many Worlds Interpretation." Explain here why. (Hint: Kirk's father and Spock's mother were alive and well in TOS.)
