

# Cherry Hill School District Reassessment Policy as applied in Mr. S's class –

The general policy: “As long as a student *provides reasonable effort* leading up to a quiz/test, they are permitted to reassess such tasks in order *to achieve a satisfactory grade.*”

**To be eligible to reassess a quiz or test (classwork/homework/labs can NOT be reassessed), you must meet BOTH of these requirements:**

**“Reasonable effort”** = No more than **ONE** homework/classwork/lab leading up to and related to the quiz/test in question can be missing (denoted as MISSING or a grade of zero online).

**“Below a satisfactory grade”** – You must have scored **BELOW** a “C” (70%) on the quiz or test and *you also can not raise your grade any higher than a 70% when you reassess. (In some rare cases, I will make the qualifying/ceiling grade an 80%.)*

The reassessment policy was not created for you to raise your grade to the level you desire by trying over and over until you are happy!
